From: Office of the U.S. Naval Attache, Saigon
To: Mr. Frank O. Blake, FBIS Saigon Bureau

Subj: FBIS material, appraisal of value to the Office
of the Naval Attache

1. The information passed the Office of the Naval Attache laterally by the FBIS Saigon Bureau is of particular interest since it affords us an insight into the events which occur in the DRV which they themselves consider newsworthy.

2. Although no thorough evaluation of the content matter is attempted in this office, the information contained frequently gives a lead which has resulted in verification of the subject matter through other channels. Without the FBIS tipoff, such information would have been missed.

3. The Office of the Naval Attache appreciates the services of the FBIS Saigon Bureau and desires to continue the present arrangement.
